MIS Map and Chart Appraisal Work

1. Periodically, I have brought to my attention the tremendous amount of work that goes into the production and coordination of the Chapters IX, Sections 19 of Chapter I, and the Annexes. I want to take this particular opportunity at the close of the Fiscal Year to express my appreciation for the excellent work that you, [REDACTED] and other members of your staff have done during the past years.

25X1A9a

2. Because of the volume of your production, I have had the opportunity only to sample the content of the various elements. However, this sample is enough to indicate that the work as a whole represents a high level of proficiency in the production and coordination of the MIS contributions for which we are responsible.

3. I would appreciate it if you would convey to your colleagues my high regard for your quality efforts.
